# Genus® | ECO 30

## APPLICATIONS

- Restaurants
- Food Production
- Commercial Kitchens
- Supermarkets
- Quick Service Restaurants
- Food Processing

The Genus® ECO 30 is a value engineered unit providing reduced energy consumption and ease of servicing with fast fly catch. The unit has been designed to incorporate stylish looks, eco-friendly operation and silent, economical performance for the most sensitive areas.

Genus® ECO 30 offers fast fly catch with efficient running costs for use in a number of application areas. The unit can be placed in a variety of locations due to its flexibility of being able to wall mount it either horizontally or vertically.

The Genus® ECO 30 uses the fully grid-marked HACCP compliant Brandenburg universal glue board which provides a large fly catch area. The unit utilizes two 15 Watt UVA lamps along with integral lamp reflectors to maximize UVA output and enhance fly catch efficacy.

Servicing the Genus® ECO 30 is quick and easy due to its lift-and-stay hinged cover which allows both hands free changing of the glue board and lamps.

### Features and Benefits

- Aluminum finish for smart hygienic appearance
- 2 x 15 Watt lamps and integral reflectors for increased UVA output
- Horizontal or vertical mounting offering flexibility in location
- Easy opening hinged cover for fast, safe and both hands-free consumables replacement
- Large, fully grid-marked Brandenburg universal glue board for maximum catch area and HACCP compliance
- Uses Electronic ballast which reduces running costs and future proofs the unit against ongoing regulation changes.

### Versatile Mounting Options

Wall Mounted

Vertical Mounted

### Easy Opening Hinged Cover
